

FIGHT WITH FILIPINOS

Insurgents Kill Four Americans and Wound Twenty-Five in Battle.

THE CASUALTIES INCLUDE OFFICERS

Enemy Driven From Trench to Trench by Col. Carpenter's Force—Fighting Continues With Insurgents Retreating to Santa Barbara—Loss of Insurgents Not Known.

MANILA, Nov. 24.—Severe fighting in the north of Iloilo began Tuesday November 21. Four Americans were killed and twenty-five wounded, including three officers. The insurgents are retreating to Santa Barbara, but the fighting continues.

Colonel Carpenter, November 18, advanced to Santa Barbara, straight north from Jaro, taking trench after trench, the enemy fighting and retreating.

General Hughes' column has been steadily advancing north to gain a position west of Santa Barbara.

It encountered the enemy in small detachments. Six to ten Americans were wounded in this column. Colonel Carpenter started during the night of November 20, and opened with Battery G of the Sixth artillery at daybreak, November 21, on the trenches. The enemy volleyed as the artillery took up a position, wounding four.

Two companies of the Twenty-sixth regiment garrisoning Jaro, moved through Caraz, attacking the enemy on the right flank just north of Jaro at daybreak, November 21, driving them toward Colonel Carpenter. The country between Jaro and Santa Barbara is thickly entrenched, especially near Pavia. The Sixth artillery fired on the trenches and the Eighteenth regiment charged, the enemy retreating to the next trench. The Eighteenth again charged, encountering and attacking a force of bolomen who were hidden in the long grass and who severely wounded several Americans.

During the afternoon of November 21 the fighting was severe immediately south of Pavia, three miles north of Jaro.

The column returned to Jaro after the flank movement, having captured three six-round smoothbore cannons and a quantity of arms and ammunition.

The enemy's loss was not obtainable, but seven men were found dead in one trench. The insurgents are falling back on Santa Barbara, which it is expected General Hughes has attacked before this.

A Spanish corporal, captured by the Filipinos, has arrived here from Tarlac. He says he saw Aguinaldo, accompanied by a prominent leader and fifteen men, arrive at Bayambang during the night of November 13, hatless, his clothes torn and spattered with mud and his horse exhausted. Aguinaldo, it appears, rested a short time, seemed anxious, consulted with his companions and the villagers as to the nature of the roads, secured fresh horses and proceeded immediately toward Mangalaren in Pangasinan province, west of Bambang.

The corporal tells a straight story, giving minute details. He is convinced he is not mistaken, having seen Aguinaldo several times during recent months.

Aguinaldo, it appears, would have time to leave Bayambang November 13 and pass through General Wheaton's lines November 17.

MANY DEFENDERS OF DEWEY.

Letters and Telegrams Expressive of Support and Sympathy.

WASHINGTON, Nov. 24.—A delegation from Wheeling, W. V., today called on Admiral Dewey and extended an invitation to him to visit that city February 22 next. The admiral accepted the invitation. He was presented by the committee with a superb sevens jardiniere.

Lieutenant Crawford today gave out the following statement on behalf of the admiral:

"Admiral Dewey has received many hundreds of letters and telegrams from persons in all walks of life and in every section of the country, from Maine to Texas, assuring him that he is not without defenders and expressing their sincere sympathy with him in connection with the recent attack upon him. These letters and telegrams are far too numerous to receive personal acknowledgments, but the admiral is deeply grateful to the senders and desires to assure them of his hearty appreciation of their kind consideration."

THE LATE MAJOR HOWARD.

Remains Arrive in San Francisco en Route to Omaha.

SAN FRANCISCO, Cal., Nov. 24.—On board the transport Belgian King, just arrived from the Philippines, is the body of Major Guy Howard of Omaha, who was connected with the quartermaster's department of the army and was killed on October 21. He was passing up the Rio Grande river near Arayat in a small launch when he was shot by a native concealed along the banks of the stream. He was a son of Major General O. O. Howard, retired. The body was placed on the transport after funeral services had been held at Manila on the morning of October 25. It will be sent to Omaha for interment.

Boers Are Much Depressed.

LONDON, Nov. 24.—The Post publishes the following this morning, dated Pietermaritzburg, Thursday: We have received a rumor here today from Dutch sources to the effect that our forces recently inflicted another disastrous defeat on the Boers around Ladysmith. Nearly all the enemy's large guns are reported captured. The Boers are said to have been completely demoralized. The rumor is unconfirmed, but the Dutch in the district appear much depressed, so that there may be some truth in it.

A HOT FIGHT AT BELMONT.

British Win Victory at Cost of Heavy Loss of Officers and Men.

ORANGE RIVER, Nov. 21.—Noon.—An engagement was started on the other side of Witteputs, just above Orange river, this morning and the British artillery succeeded in forcing the enemy to retire.

The following is the official communication issued to the press respecting it:

"Artillery firing commenced at 4:45 a. m. in the hills bearing east-northeast from Orange river, at an estimated distance of twelve miles. It ceased at 7 o'clock, the enemy retiring. The artillery is firing again."

The secretary of war has received the following dispatch through General Forester-Walker from Methuen, dated Belmont November 23:

"Attacked the enemy at daybreak this morning. He was in a strong position. Three ridges were carried in succession, the last attack being prepared by shrapnel. Infantry behaved splendidly and received support from the navy brigade. The enemy fought with courage and skill. Had I attacked later I should have had far heavier loss."

Our victory was complete. Have taken forty prisoners. Am burying a good number of the Boers, but the greater part of the enemy's killed and wounded were removed by their comrades. Have captured a large number of horses and cows and destroyed a large quantity of ammunition.

"Brigadier General Peterstonhaugh was severely wounded in the shoulder and Lieutenant Colonel McCabe of the Grenadier Guards is reported wounded."

HAYWARD SLIGHTLY BETTER.

Doctors Are Reluctant Upon the Subject of Improvement.

NEBRASKA CITY, Neb., Nov. 21.—Senator Hayward rested easily and appears better than he was. His pulse and temperature are normal, a fact that is gratifying to his physicians. The paralysis of the lower limbs which alarmed the physicians yesterday, seems to be gradually receding today, giving these members freer action, but his right arm is useless, his speech difficult and his mind is clouded at intervals.

Dr. Bridges came from Omaha and spent most of the night with the sick man. He says that the condition of the patient is improved over what it was when he was here before. He held a consultation with Dr. Whitton and endorsed the treatment prescribed by the latter during the last few days.

Dr. Bridges agreed with Dr. Whitton that it cannot be known at this time whether or not there is serious inflammation about the lesion in the brain. Both physicians expressed themselves as being satisfied with the manner in which the case is progressing, but were reticent upon the subject of the prospects for any permanent improvement.

SPAIN WANTS TO KNOW.

Asks McKinley to Keep Promise to Free Spanish Prisoners.

WASHINGTON, D. C., Nov. 24.—The Spanish minister, the Duke d'Arcos, called at the state department today to learn the prospects for the release of the Spanish prisoners held in the Philippines. Thus far nothing has been heard as to the measure of success attending the dispatch of a message from President McKinley to Aguinaldo concerning the Spanish captured, but it is assumed that the recent forward movement of the American troops and the routine of the Philippines that difficulty has been experienced by General MacArthur in delivering the messages. The American forces have freed scattered bands, about sixty to eighty in all, and besides these 200 sick prisoners are about to be released and put aboard an American ship now on the way north to receive them. There now remain about 2,000 or 3,000 Spanish prisoners in the hands of the insurgents.

WILL LIKELY HELP ROBERTS.

Congressman Cromer Predicts Utah Man Will Retain His Seat.

MUNCIE, Ind., Nov. 24.—Said Congressman George W. Cromer of the Eighth district:

"I predict that Brigham H. Roberts, congressman-elect from Utah, will be allowed to retain his seat in congress, through the influence of democratic politicians. The republican majority in the Fifty-sixth congress will be only fourteen. The democrats, I believe, will never permit a free silverite and expansionist democrat to be ousted from his seat by republicans in congress. It would be voting against themselves. Besides, to expel Mr. Roberts will require two-thirds of the members and unless the democrats vote with the republicans he will keep his seat."

PREPARE TO MAKE A STAND.

Insurgents Select the Place Where They Will Make Resistance.

MANILA, Nov. 24.—The insurgents from the north are concentrating at Montalban and San Mateo, where it is expected they will make resistance to the American advance. The Spaniards never occupied these places and the insurgents believe them to be impregnable.

A reconnaissance to the northwest of San Mateo on Tuesday developed the fact that the rebels were moving stores and men to Montalban. The number of insurgents is unknown.

ROSA CAHN LOSES CASE.

Lincoln Man Receives Verdict in Suit by His Daughter.

NEW YORK, Nov. 24.—The jury in the case of Rosa Cahn against her father, Isaac Cahn, whom she sued for \$25,000 damages on the charge of assault, before Justice Leventritt in the supreme court, returned a verdict in favor of the defendant.

Boiler Starts for Natal.

CAPETOWN, Nov. 24.—General Buller has started for Natal. He is expected to return shortly.

UNIVERSITY'S NEW HEAD

Successor to MacLean Will Be Selected by New Board of Regents.

MATTERS WILL NOT BE HURRIED

Superintendent Andrews of Chicago is a Prime Favorite—Suit Against John T. Mallalieu Dismissed—Miscellaneous Nebraska Matters.

LINCOLN, Neb., Nov. 27.—One of the most important duties the new State University Board of regents will have to perform will be the selection of a chancellor. Dean Charles E. Bassey has been acting chancellor since the beginning of the university year and will probably continue in the same capacity until next fall. It is possible that no selection will be made for a year or more, but it is generally believed by those connected with the university that the matter will be taken up by the regents at the April meeting. The list of candidates for the chancellorship is growing larger every day. Nearly all state are represented and there are even one or two people in Europe mentioned for the place.

There has been some talk of the present Board of Regents selecting a man before the terms of the outgoing members expire, but the board itself has not considered the proposition and it is unlikely that such action will be taken. It has always been the policy of the regents to move slowly in such matters and it would not be surprising if no selection is made for over a year.

Of the men mentioned for the position of chancellor the most prominent are: Superintendent Andrews of the Chicago public schools, President J. C. Stubbs of the Nevada State university, President W. S. Chaplin of the Washington university of St. Louis and Prof. Jenks, formerly of Cornell university. Superintendent Andrews is very popular in this city and a strong effort is being made in his behalf.

The newly elected regents will take their seats in January, but the first really important meeting will not be held until April.

The Change in Freight Rates.

LINCOLN, Neb., Nov. 27.—The usual end of the year changes in freight rates on the railroads is causing more than the usual stir among shippers of bulky commodities. Especially are the lumber dealers of the state worked up over the new schedule which goes into effect the middle of next month. Several of these country dealers have been in Lincoln during the past few days and the higher rates have been the topic of discussion among them generally.

The railroads' announcement that the car load rate for cattle would be discontinued next month has caused cattle shippers to renew the old contest that was on two years ago. The car load rate permits cattlemen to pay so much for the car and then load it as they please, in certain limits. The rate per hundred weight permits the railroad to charge for every pound carried. It is considered probable that there will be some vigorous remonstrances against some of the changes like the above which the state board of transportation will have to hear this winter.

Big Real Estate Deal.

KIMBALL, Neb., Nov. 27.—One of the largest, if not the largest, real estate deals ever consummated in this county was the sale of the Circle Arrow ranch, six miles east of town. This valuable ranch, which consists of 5,800 acres, has just been purchased from the Bay State Livestock company by Robert Deal and Mr. Haggerty. The latter is Mrs. Deal's partner in a copper mine in Wyoming. The ranch has about twenty-five miles of fence and a good meadow from which 500 or 600 tons of good hay is cut every year. The purchasers get this year's hay crop. It is understood they will stock it up with cattle or sheep in the near future and Mr. Deal will look after this ranch in connection with his own ranch.

Dismiss the Mallalieu Case.

KEARNEY, Neb., Nov. 27.—The suit of the State of Nebraska against John T. Mallalieu to recover an alleged shortage in his accounts when he retired from office was dismissed in the district court of Buffalo county by the attorney general. Mr. Mallalieu was succeeded by C. W. Hoxie February 1, 1897. The legislative investigating committee that was at that time overhauling the accounts of ex-officials of the state and of state institutions investigated Mallalieu's accounts, the matter being in the committee's hands from June to November, 1897. Suit for an alleged shortage of about \$4,400 was begun in the district court of this county in August, 1898.

Sidney Land Office Examined.

SIDNEY, Neb., Nov. 27.—Colonel A. R. Green, inspector of government land offices, was here and carefully examined the local land office. He spoke well of Receiver Matt Daugherty and Register Harris and found the office in splendid shape. The office is now paying the maximum salary, \$250 a month.

Nebraska Pensions.

WASHINGTON, Nov. 27.—Following is the issue of Nebraska pensions: Original—George Coburn, Bradshaw, \$8; Justus Evans, Lyons, \$6.

Additional—Robert C. Burns, Redington, \$2 to \$6.

Increase—Special, November 7.—David Stevens, Lincoln, \$4 to \$6.

Newspaper Office Destroyed.

COLUMBUS, Neb., Nov. 27.—The village of Monroe was thrown into a state of excitement when it became known that the office of the Monroe Looking Glass had been broken into and had been made a wreck and most of the printing equipment destroyed or greatly damaged.

The Looking Glass is owned and published by Editor Gerard, who is a prohibitionist, and it is owing to this sentiment that the office was destroyed.

NATIONAL GUARD REGIMENT.

Adjutant General Has Issued a Regulation for Equipment.

LINCOLN, Nov. 24.—The adjutant general has issued a regulation on the military department at Washington for equipment for another regiment of the Nebraska National guard. Arrangements have been completed by the military authorities of the state for the organization of this regiment, which will be named after the First regiment of Nebraska volunteers. In recruiting preferences will be given to members of the old organization and the companies so far as possible, will be formed according to its schedule. Captain Vickers, late of company F of the First regiment, has been authorized to recruit or reorganize his old company and similar orders will be issued later by the adjutant general directing the organization of other companies.

The condition of the Nebraska National guard will hardly permit the holding of another encampment unless the state goes into debt. The appropriation made by the legislature was much smaller than the amount asked for by the adjutant general and it is quite probable that there will be a deficiency in the fund by the end of next year. It is thought, however, that by going into debt for the amount of transportation of the troops it will be possible to hold the encampment as usual next year.

FUNDS LACKING FOR COURT.

Federal Affairs Seriously Hampered by the Situation.

OMAHA, Neb., Nov. 24.—Business of the United States court is at present seriously hampered by lack of funds. There is no danger of an entire suspension of the work before the grand jury but it will probably be necessary to disburse with many witnesses living at a distance because there is no money with which to pay their fees or railway fares. It is likely that only such witnesses as live in the city or near at hand will be summoned.

This condition of affairs has been caused by the recent change made in the marshal's office. When Marshal Mathews took his position he became the disbursing officer at the federal building. He secured a surety bond and forwarded it to Washington. The name of the Omaha agent was attached to the papers, but the Washington authorities were not satisfied with this and sent back word that a power of attorney must be sent on, showing that the agent was duly authorized to act for the surety company. The power of attorney had already been sent to the New York office of the company and it was understood that it would be immediately forwarded to Washington, but there has been a hitch, and in consequence the bond has not been approved and no money has been supplied the disbursing officer here.

Weaver Insurance Law.

LINCOLN, Neb., Nov. 24.—The supreme court listened to argument in the case of Auditor Cornell against Governor Poynter, a suit to test the constitutionality of the Weaver insurance law, a law which removes the insurance department from the control of the auditor and provides for an increase of fees from insurance companies. The case was argued and submitted to the court. It is believed that a decision will be given within a few weeks. Deputy Insurance Commissioner Bryant and Deputy Attorney General Oldham appeared for the governor, while Robert Ryan spoke for Auditor Cornell. Attorneys who heard the argument were of the opinion that no case had ever been presented to the court in better form. Mr. Bryant argued in favor of the constitutionality of the law and denied that it created a new executive office contrary to the constitution.

Causes Death of Marshal.

HASTINGS, Neb., Nov. 24.—A tramp was arrested at Doniphan, Hall county, on suspicion of having murdered the city marshal at Aurora several months ago. The marshal was found dead on the railroad tracks one morning, having been run over by a freight train, and it was supposed that his death was accidental. The tramp arrested, while under the influence of liquor, bragged about being responsible for the marshal's death, claiming that he shoved him beneath a moving train. The man, who gave his name as Call, was brought to this city and kept in jail over night and was taken to Aurora. He claimed to remember nothing of the statements he is alleged to have made. It is said that he was in Hastings about the time of the marshal's death.

Paxton Case is Submitted.

LINCOLN, Neb., Nov. 24.—The case of William A. Paxton and others against the state of Nebraska, in which the plaintiffs seek a reversal of the decision of the district court of Douglas county holding them liable on the bond of ex-State Treasurer Bartley, was argued and submitted to the supreme court. John C. Cowin, Robert Ryan and Frank Irvine appeared for the bondsmen and Attorney General Smyth and Ed P. Smith argued for the state.

Indians to Play Football.

HASTINGS, Neb., Nov. 24.—The Hastings Athletic club has secured the Genoa Indian school team for their Thanksgiving football game. This promises to be the game of the season for Hastings as the teams promise to be evenly matched in weight and playing ability.

Lightning Rod Sharps at Work.

HASTINGS, Neb., Nov. 24.—Adams county and vicinity are being "worked" by lightning rod sharpeners. Not long ago Henry Wengert, a farmer living northeast of Hastings, signed a contract to have rods put on his barn and soon the work was done. Then a bill of \$240 was presented to him. Mr. Wengert refused to pay the bill and later another man, who was connected with the lightning rod company, called upon Mr. Wengert and offered to accept \$130 as payment in full.

BEGINNING OF THE END

Buildings of the Exposition Will Soon Be a Reminiscence.

THE DEMOLITION GOES FORWARD

Method of Tearing Down the Buildings and Disposition of the Salvage—A Prisoner Escapes at Neligh, but is Recaptured—Various Nebraska Matters Here and There.

OMAHA, Neb., Nov. 22.—The beginning of the end of the trans-Mississippi and Greater America exposition buildings and grounds is on in earnest. The Chicago Wrecking company has about 100 men to work in addition to those started previously, and it will continue to put more men on every morning and noon until two or more gangs are engaged on every building.

The transportation building at the north end of the West Midway, will be allowed to stand and be used as a storage house by the wrecking company. Later an auction of odds and ends will be held in it.

The agriculture building was the one first tackled by the forces of demolition. The workmen began at the roof, removing the rubberoid and the gravel. Then they tear off the sides and remove or shake off the staff and sheathing. Next the frame comes down. Finally the trusses are lowered. Everybody had a dream that staff could be converted into a fertilizer. The company has no other disposition in view than to fill excavations with it and does not expect it to fertilize any crop—not even of wild oats sown on the Midway site. It may find its use later.

Most of the material to be wrecked is already on the ground. For instance, having bought 200,000 feet of lumber, lumber is freed from nails, the ends are squared up and then it is marketable for use in constructing small buildings.

Fifteen tons of wire was counted up by the wrecking company, but the outlook is that it will not find over half that quantity, for concessionaires have carried off some and unknown parties have stolen more.

Count of Meteors at Crete.

CRETE, Neb., Nov. 22.—Observations were carried on at Boswell observatory, Doane college, under the direction of Prof. H. H. Hensford and a large body of assistants throughout last week. Monday night was so cloudy that very little was accomplished. Tuesday was clear and the observations were successful, about one hundred and twenty-five meteors being counted. Wednesday night was cloudy preventing any careful observations. Thursday night was cloudy until 3 a. m. After that time the work was very satisfactory. About thirty-five meteors were carefully timed and plotted down on charts. Three photographs were taken, but they were only partially successful.

Stock Stealing Cases Up.

AINSWORTH, Neb., Nov. 22.—The November session of the district court for Brown county is now open with W. H. Westover as presiding judge. There is a light docket. The celebrated Jay case will come up for trial. This is the case of Ed Jay, on trial charged with stealing a span of horses from the Bell Cattle company, and causes much interest among stockmen. Witnesses are here from Valley and Custer counties, and everything is in readiness for certain trial. It will be hotly contested, the prosecution being represented by M. F. Harrington of O'Neill, and the defense by C. C. McNish of Fremont.

Nebraska in Washington.

WASHINGTON, Nov. 22.—The president has selected John Hyde of Nebraska, who for the past few years has been statistician in the agricultural department and who had charge of one section of the tenth census, as a member of the United States board of geologists to represent the department of agriculture.

Nebraska postmasters appointed: Alonzo H. Cooper, vice William Baillie, removed.

The postoffices at Debolt, Douglas county, and Gage, Buffalo county, Neb., have been discontinued. Mail will go to Covington and Lucas, respectively.

Farmer Driven to His Death.

MARSLAND, Neb., Nov. 22.—Frank Kaura, a Bohemian farmer, who resides three miles southwest of this place, committed suicide by cutting his throat with a razor. Kaura recently purchased a farm about six miles from his home and went there alone with a razor and revolver for the purpose of taking his life. Kaura was a well-to-do farmer with a wife and four children. Family troubles and financial reverses are said to be the cause.

Cattle Thief Breaks Jail.

NELIGH, Neb., Nov. 22.—John Wilty, the man being held for the theft of twenty-three head of cattle from Huffman & Rollins about two months ago broke jail. A better time for the escape could not have been selected, as a dense fog hung over the city making it impossible to see more than two blocks. Later—Wilty was captured three miles north of town and is again behind the bars.

Government Building Settles.

OMAHA, Nov. 22.—Since the completion of the government building, the sixteenth street front has been settling. This has continued until there are half a dozen cracks from one-fourth to half an inch wide under the balcony at a point where it is joined to the main structure. It is contended that the settling has been due to the great weight of the tower and also on account of the building having been erected over an old creek bed. Now, however, it is thought that there will be no further settling, and steps are being taken to patch up the cracks.

LIVE STOCK AND PRODUCE.

Omaha, Chicago and New York Market Quotations.

CHICAGO PRODUCE MARKET. CHICAGO, Nov. 27.—Wheat—No. 3 spring, 62 1/2c; No. 2 red, 67 1/2c; corn—No. 2, 23 1/2c; No. 2 yellow, 22 1/2c; oats—No. 2, 23 1/2c; No. 2 white, 26 1/2c; No. 3 white, 24 1/2c; No. 3 yellow, 23 1/2c; barley—No. 2, 35 1/2c; No. 3, 34 1/2c; provisions—Mess pork, per lb., 17 1/2c; lard, per 100 lbs., 14 1/2c; beef, 13 1/2c.

KANSAS CITY LIVE STOCK.

KANSAS CITY, Nov. 27.—Market fairly active; native steers, \$3.00 to \$3.50; light weights, \$4.00 to \$4.50; setickers and feeders, \$2.50 to \$3.00; butchers' cows and heifers, \$2.00 to \$2.50; calves, \$2.50 to \$3.00; fed steers, \$4.00 to \$4.50; western feeders, \$3.00 to \$3.50; Texas, \$3.50 to \$4.00.

HOGS—Receipts, 12,500 head; market slow; most desirable, \$4.00 to \$4.50; inferior stuff, \$3.50 to \$4.00; heavy and mixed, \$3.00 to \$3.50; light, \$2.50 to \$3.00; pigs, \$2.00 to \$2.50.

HOES—Receipts, 600 head; supply too light to test strength of market; few offerings sold quickly at firm prices; lambs, \$5.00 to \$5.50; muttons, \$3.50 to \$4.00; steers and feeders, \$3.00 to \$3.50; culls, \$1.50 to \$2.00.

SOUTH OMAHA LIVE STOCK.

SOUTH OMAHA, Nov. 27.—CATTLE—Market on fat cattle slow and weak. Cow stuff does not show much change. There is inquiry for feeders, arrivals of which have been slow. Beef steers brought \$3.00 to \$3.50; cows, \$2.50 to \$3.00; heifers, \$2.00 to \$2.50; steers and heifers, \$2.50 to \$3.00; bulls, \$2.00 to \$2.50; stags, \$2.00 to \$2.50; calves, \$2.50 to \$3.00.

HOGS—Good light hogs were 2 1/2c lower. Hogs that brought \$3.00 Saturday sold largely at \$3.75, with a \$3.10 top. Buyers of that kind of hogs were figuring their droves as costing 25c lower than Saturday. On the other hand, heavy and mixed loads were about 25c lower, selling largely at \$3.50 to \$3.75, with some of the best at \$3.50.

HOES—Quotations: Good to choice wethers, \$4.15 to \$4.25; good to choice grass wethers, \$3.00 to \$3.50; fair to good grass wethers, \$2.00 to \$2.50; good to choice grass ewes, \$1.00 to \$1.50; fair to good grass ewes, \$2.50 to \$3.00; good to choice native lambs, \$1.50 to \$2.00; fair to choice western lambs, \$1.00 to \$1.50; fair to good western lambs, \$1.50 to \$2.00.

CHICAGO LIVE STOCK.

CHICAGO, Nov. 27.—CATTLE—Choice few firms; stockers dull; good to choice, \$3.50 to \$4.00; poor to medium, \$2.50 to \$3.00; mixed stockers, \$2.50 to \$3.00; selected feeders, \$2.00 to \$2.50; good to choice cows, \$2.50 to \$3.00; heifers, \$2.00 to \$2.50; calves, \$2.50 to \$3.00; bulls, \$2.00 to \$2.50; stags, \$2.00 to \$2.50; Texas steers, \$2.50 to \$3.00; grass Texas steers, \$2.50 to \$3.00; western grass steers, \$2.50 to \$3.00.

HOGS—Fairly active; mixed and butchers' \$3.00 to \$3.50; good to choice heavy, \$3.75 to \$4.00; rough heavy, \$3.50 to \$3.75; bulk of sales, \$3.50 to \$3.75. SHEEP—Market steady; good lambs 10c higher; native wethers, \$2.50 to \$3.00; western wethers, \$2.50 to \$3.00; western lambs, \$1.50 to \$2.00.

HOBART IS LAID TO REST.

Entire City of Paterson Clothed in the Garb of Mourning.

PATERSON, N. J., Nov. 27.—Because of the funeral of Garrett A. Hobart, vice president of the United States, Saturday, business houses with few exceptions were closed and many private residences flew flags at half-mast. Besides other mourning emblems, the early trains brought many to attend the funeral services. The bells of 120 churches started to ring at sunrise and at 9 o'clock all the bells in the city began marking the minute. In anticipation of the arrival of the presidential party and the military escort, crowds gathered around the Broadway depot.

The military lined the streets between Carroll hall and the church of the Redeemer, where the public services were held. The church floral decorations were magnificent. A band of snail over three feet wide and thick enough to hide the wall ran around both sides and the front of the main auditorium above the windows. The wreath and garlands before the pipes of the great organ.

At the windows giant palms reached up to the sill. Those palms and the festooning around the windows were laden with white flowers, principally lilies of the valley, orchids and chrysanthemums. Around the organ and the pulpit lilies were strewn in lavish profusion. The fonts before the pulpit were covered with American beauty roses to the height of nine feet. A large space before the pulpit was left undecorated. Here the casket will rest and many of the floral tributes be laid.

The service at the house was brief and simple. It was held in the library which was banked with flowers sent by friends of the dead vice president. Mrs. Hobart, with her son, Garrett A. Hobart, Jr., sat near the head of the casket, while near her were grouped the president and cabinet, the judge of the supreme court, the honorary pallbearers, immediate friends of the family and family servants. Rev. David D. Magee offered prayer and read a passage of scripture. The president, cabinet and supreme court judges and those present took a last look at the face of the dead, the casket closed and all that was mortal of Vice President Hobart was carried out to the hearse by members of the senate police.

GLAD TROUBLES ARE ENDED.

Brains of Rebellion Prefer Captivity to Condition of Unrest.

MANILA, Nov. 27.—Buenavista, the brains of the Filipino insurrection, is locked up here in charge of Brigadier General Edward B. Williston, the provost marshal. When Tarlac fell Buenavista fled northward with Aguinaldo's confidential servant, Tomas Maxarine, and a guard of 100 soldiers. Reaching the neighborhood of the coast November 13, Buenavista found American soldiers on every side and escape impossible. So he sought refuge in a little Bangsanian village, six miles from Manaoag, living in a mean little hut belonging to natives, who were lukewarm towards the insurrection. On learning his identity, some refugees brought the news on November 20 to Colonel Luther R. Hare, commanding the Thirty-third infantry, garrisoning Manaoag. After communicating with
